Description of the game

- ❖ This board game consists of 23 fields. 10 fields are fields with questions, 4 fields are with challenges and there are also 6 empty fields.
- ❖ All questions are open-ended, so one player can play it multiple times and give different answer each time he / she plays it.
- ❖ Since board games mostly consist just of questions, there are some challenges that will make this game funnier to players who play it.
- ❖ All questions are about surviving.

Rules of the game

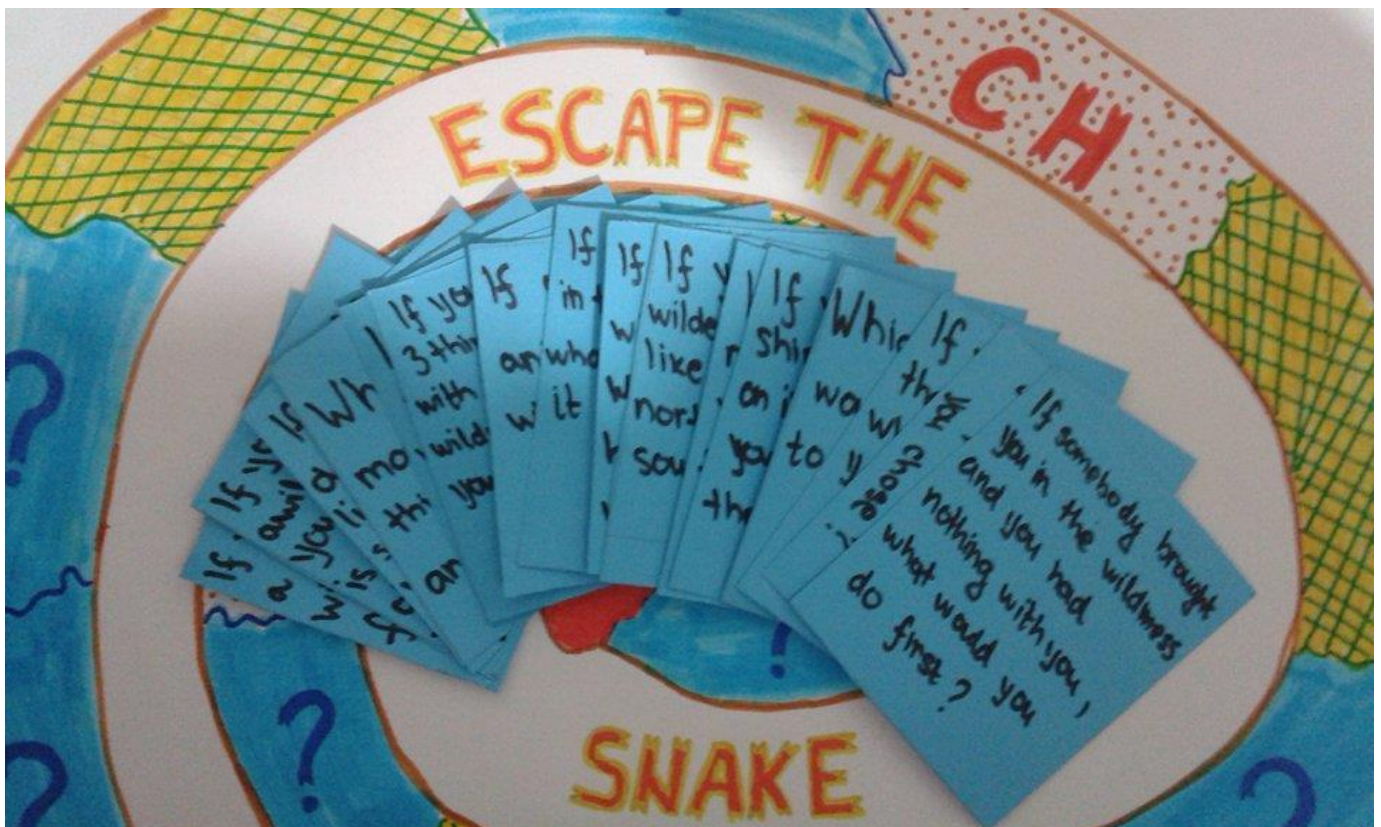

- ❖ This game can be played by 2 to 5 players.
- ❖ To start the game all players throw the dice and the player with the highest number starts the game. After that players throw the dice and move for numbers of fields he/she gets.
- ❖ When player stops on question field he/she takes a question card and answers the question written on a card. For each question a player needs to give explanation for his/her answer.
- ❖ If player stops on Challenge field he pulls out a Challenge card and he needs to perform a written challenge or he/she is out of the game.
- ❖ If a player stops on an empty field he/she skips one throwing of the dice.
- ❖ The winner of the game is the player that first steps on the field ESCAPED.
